Dear Mr Hunter

I wanted to briefly write to you, & thank you for your product the Portalevel Max. We were able to utilize it today for the first time on one of our corporate clients Sealink Ferries.

The sealink is a large Cat located here in South Australia, located in the Engine Bay is 4 x 69kg Naff S III Suppression system cylinders. We were delighted on how easy it was to operate the Portalevel Max plus its quick response time.

Secondly it also created a lasting impression on the engineers of the vessel who were also impressed by the systems capabilities, on its response time and accuracy in find the levels in all four cylinders.

Once again congratulations on a well-engineered product. We have no reservations in recommending your product to others with in the fire protection industry Globally

Yours sincerely,

Nick Papamichael,
CEO & Managing Director.
